

**Restructuring Repayment Period of Grant / Loan under
Financial Assistance Scheme for Post-secondary Students (FASP)**

I would like to restructure the repayment period of the following FASP grant(s) / loan(s). I understand and agree that my request will be processed according to the following conditions:

1. Monthly repayment instalments will normally fall due on the first day of each month. Quarterly repayment instalments will normally fall due on 1 January, 1 April, 1 July and 1 October each year. If you would like to restructure the repayment period, please send us your request 14 days before the due date of the upcoming repayment instalment(s) so that the revised repayment schedule(s) will take effect in the upcoming month / quarter. If you fail to put up your request by the above mentioned deadline or your FASP grant(s) / loan(s) is(are) currently under deferment, the effective date of your requested extension or shortening of repayment period will be postponed accordingly.
2. Your requested repayment period may be shortened such that each instalment amount (instalment grant/loan principal and instalment interest) is not less than \$100.
3. You have to repay your monthly / quarterly instalment(s) according to the original repayment schedule(s) until the revised repayment schedule(s) take(s) effect.
4. For request by post, the postmark date on the envelope will be regarded as the date of request. Underpaid mail items will not be accepted. Please ensure your mail items bear sufficient postage before posting. For request by fax or email (scanned copy), the date of the request received by Student Finance Office (SFO) will be regarded as the date of request.
5. Generally, revised repayment schedule(s) will be posted to your correspondence address a week before the due date of the upcoming repayment instalment(s). If you do not receive the revised repayment schedule(s) by post within a week before the due date of the upcoming repayment instalment(s), please contact our staff at 2150 6065. Otherwise, SFO will assume that the revised repayment schedule(s) has(have) been received by you.
6. If you choose to extend the repayment period, you are required to pay a higher total interest. You can have a rough estimation of the monthly / quarterly repayment amounts under different repayment periods by using our repayment calculator at SFO E-link at <http://e-link.wfsfaa.gov.hk>.
